Workshop on Design and Critical Thinking & Innovation Design

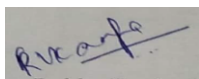

Date: 15th March 2023

Number of Participants: 50 students + 1 Faculty

A Workshop on Design and Critical Thinking & Innovation Design was organized by CWE on 15th March 2023 at 12 p.m. in the A.V. Room. The resource person for the session was Mr. Abheejit K, Creative Director at Vruksh, awarded as a Top Innovator by the World Economic Forum for his startup Ekatra and is leading the non-profit organization Vruksh Ecosystems.

The main objective of the workshop was to enable an understanding of Design Thinking and teach the students innovative ways to find the most optimal solutions to their problems on a personal and organizational level. The 6-step process of Design Thinking was explained with the help of an example about curbing wastage of food prepared at weddings. He taught the students a full-proof method of defining the problem, brainstorming for the best possible solution, prototyping it, and then testing it to implement the change. The workshop ended with a Question and Answer session round followed by a vote of thanks. The session was very interactive and informative. Overall it helped the students to gain insights into the topic and think creatively for effective problem-solving.

Problem which we were trying to solve

- According to estimates, a significant percent of the food prepared at an Indian wedding venue is thrown away after the wedding ends. This leads to significant wastage of food every year.
- What is your solution to address this problem?
